# GRAND HOTEL SAVOIA

## RUPI CLUBHOUSE

Rupi Clubhouse is the exclusive children's club of the Grand Hotel Savoia in Cortina, open during the high winter season (Christmas / New Year and Carnival). With a variety of fun games for our little guests, as well as dedicated activities for specific age groups, Rupi's is a truly special place where children can embrace joy and creativity in an exciting and dynamic environment.

Inspired by our tender mascot, Rupi, the athletic alpine chamois, there is no limit to the adventures your little ones can experience with our highly skilled in-house team, allowing you to have time to enjoy a pleasant dinner for two or a lively aperitif with friends.

The Kids Club program is designed for children aged 3 to 12 staying at our resort and includes activities tailored to children: educational, active sport, creative and cultural moments, carefully guided by an experienced and specialized team.

THE PROGRAM

## EDUFUN

At Rupi Club you learn by playing! Many interactive and fun activities will guide the little guests on paths related to science, history, the environment, creative recycling and much more.

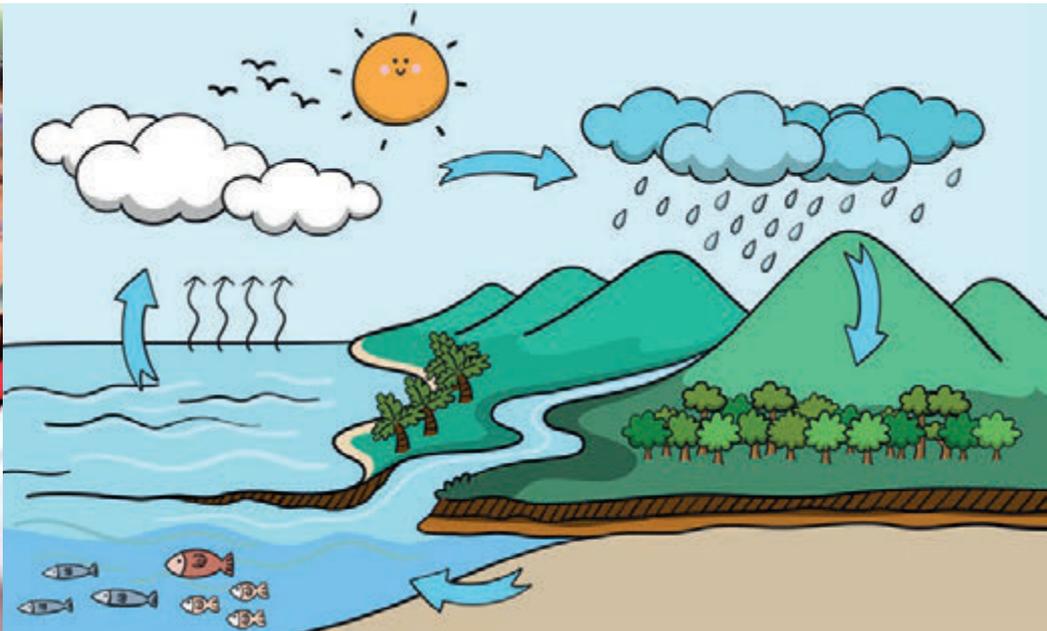

Interactive lessons, manual activities and other different games are available for active learning. In fact, through play and creative activities, children will approach different disciplines by learning new concepts.

# EDUSCIENCE

Children and teenagers will be able to create an experiment or an object together with their own hands!

The laboratories give the possibility to understand the principles of the functioning of simple circuits, energy transformations, and many other scientific notions.

## CREATIVE ARTS

With our activities we combine creativity and the process of playing. A different experience every day, which our team will combine in a fun way with EduFun activities.

Creative workshops, ateliers dedicated to the Christmas holidays, Carnival and seasonality, origami, puppets, mosaics, painting and much more to have fun together and express the art that is in us!

# RECYCREATING

We care very much about the sustainability of our planet and we believe we can help raise awareness among the new generations.

Growing up with the awareness that objects and materials can have other lives will not only educate children about recycling and caring for the environment but will also stimulate their creativity to produce original creations.

## MAXI GAMES

A moment that offers children a playful space where they can have fun experiencing feelings of collaboration, coordination, sharing but also competition and rivalry! Knowledge and respect of the rules are the basis of every game. Each group game will be conducted and supervised by our staff.

Starting from the games of the past up to the most modern ones, the skills of children's skills will be tested. Let the game begin ... have fun!

## LET'S GET EXCITED

A journey to discover emotions with games and workshops that will give children the opportunity to discover, experience, express and give them a name.

Through the game we will learn to name and recognize the different forms of expression of joy, anger, and the many emotions that we will feel together.

## EAT & PLAY

Dinner is more fun when shared with playmates and becomes interesting when combined with playful activities that will teach children the principles of healthy eating.

Together we will have fun with quizzes, experiments, games and magical recipes.

# KIDS CLUB NO-COVID 19 RULES & PROTOCOL

- The service is provided to children between the ages of 3 and 12.
- The Kids Club is open every day from 4 to 10 pm.
- To participate, the parent / guardian must complete the disclaimer.
- For adults to access the kidsclub, a mask must be worn.
- In compliance with the covid protocol, the activities will be carried out in small groups of children; in this regard, it is advisable to book the service to facilitate the carrying out of the procedures envisaged by the aforementioned protocol.
- Children will be divided into small groups according to the age group. The educator / children relationships provided for by the DPCM will be guaranteed:
  - from 3 to 5 years 1 operator for every 5 children
  - from 6 to 11 years 1 operator for every 7 children
- To ensure continuity, the group of children will be entrusted to the same operator.
- Children under the age of 3 must be accompanied by an adult.
- The staff providing the service will be trained on all the procedures and protocols to be followed in the matter of covid-19 prevention.

## GRAND HOTEL SAVOIA - RUPI CLUBHOUSE

---

- All operators on duty will be subjected to temperature measurements at each entrance to the facility. During the service, all operators will wear adequate personal protective equipment as well as follow the hand sanitation procedures.
- The airway protection mask must be used by all staff and by children and young people over 6 years of age.
- Parents and children will be adequately informed about all preventive measures to be taken. The relative signs will also be provided, with pictograms and the like, suitable for minors.
- In reception, the triage procedure will be carried out to collect information on the health of the child and adolescent and the temperature will be measured with special instruments that do not involve physical contact. In case of temperature > 37.5 ° C the subject must be removed. In the event of a parent / companion's fever, the minor will not be able to access the service.
- The entrances will be staggered at different times based on the spaces concerned and bookings.
